DESPERATE FIGHT IS NOW RAGING FOR KEMMEL HILL GERMANS ATTEMPTING TO WIPE OUT YPRES SALIENT

AMERICAN AVIATION STATION. Scene at an aviation station somewhere in America, showing fifteen planes arriving and departing.

MAP SHOWING SCENE OF FIGHTING IN FLANDERS

On the battlefield of the River Lys the recent fighting has made few changes in the line. The British, after re-entering the town of Wytschaete found it untenable and withdrew. The Germans are fast closing in on Ypres, having captured the towns of Langemark and Poelcapelle, in Belgium. The Germans are also driving on Arras, in an effort to widen the base of the Amiens salient.

report and represent the enterprise as having been a failure. Some admit the attack was made with great boldness.

CASUALTY LIST

By Associated Press Dispatch. Washington, April 26.—The casualty list today contained 75 names, divided as follows:
Killed in action, 9; died of wounds, 5; wounded severely, 33; wounded slightly, 25.

NEWSPAPERMEN NOT EXEMPTED

By Associated Press Dispatch. Albany, N. Y., April 26.—Employees of newspapers, no matter in what capacity, are not entitled to deferred classification is the ruling of Provost Marshal General Crowder.
By this decision he reversed a Syracuse exemption board which held that a newspaper employee was a necessary asset in a necessary industrial enterprise.

AN EMBARGO BY HOLLAND HINDERS U. S. IN WAR WORK

Many Necessities Included in West Indies Tie-up in Shipments.

By Associated Press Dispatch.

Washington, April 26.—Holland has placed an embargo on the exportation from the Dutch East Indies, of tin, tin ore, cinchona bark, quinine, quinine salts and kapok, all of which are needed in large quantities by the United States for war purposes.

Official notification of the embargo effective April 22, was received today and caused much perturbation. In some quarters it was suggested the measure was in retaliation for the American requisitioning of Dutch ships.

Elsewhere it was thought to be prompted by the critical situation in which Holland finds herself with Germany.

The embargo on tin and tin ore will be especially embarrassing to the United States. About 16,000 tons of tin was bought by the United States last year from the Dutch East Indies and the amount probably would be increased this year. Cinchona bark, and quinine are needed for medical purposes by the army. Kapok is a vegetable product used in making hammock mattresses for the navy.

TO DROP POSTERS BEHIND THE LINES

Washington, April 26.—Some of the third liberty loan posters sent to General Pershing in France will be dropped from airplanes behind the German lines on the Western front to impress upon such German soldiers and civilians as see them the idea that the United States considers the winning of the war a definite necessity.

THE RECAPTURE, BY THE BRITISH, OF VILLERS BRETONNEUX GIVES THEM POSSESSION AGAIN OF COMMANDING HIGH GROUND POSITIONS.

FRENCH REGNIEVILLE LINE REESTABLISHED
GERMAN ATTACKS IN WOEVRE SECTOR CHECKED
CLAIM COMPLETE SUCCESS FOR NAVAL RAID

SUCCESSFUL RAID ON OSTEND ONLY PREVENTED BY TIMELY DISCOVERY OF INTENTIONS BY THE GERMANS. EMPEROR WILLIAM VISITS ZEEBRUGGE TO DETERMINE EXTENT OF DAMAGE DONE.

(By Associated Press Dispatch)

The fighting on the Somme has died down to artillery firing. The recapture of the town of Villers Bretonneux in this sector by the British places them once more on high ground.

Apparently the enemy is attempting to wipe out the Ypres salient and reach Amiens by alternating his attacks between Picardy and Flanders. American wounded in the fighting from Hangard to Castel are arriving in Paris.

In the Woevre near Regnieville which is five miles northeast of Seicheprey where General Pershing's men were attacked heavily last Saturday, the French have repulsed a strong German attack. The enemy gained a footing on advanced French positions but the French line was later reestablished.

Complete success, it is announced, attended the dramatic and courageous raid on the German submarine base at Zeebrugge. The enemy for some weeks will be compelled to use Ostend as a base and the British then can deal more easily with the German warships and submarines. The channel at Zeebrugge was blocked and much damage done to defenses and shipping.

The Germans prevented like success at Ostend, the Germans discovering the raiders in time to ward off the attackers.

The importance of the raid is shown by the fact that Emperor William visited Zeebrugge immediately to ascertain the damage.

GERMANS TAKE KEMMEL HILL

London, April 26.—(Associated Press Cable)—The Germans in their attack on the northern front have captured Kemmel Hill, General Delma Radcliffe, chief director of military operations at the war office, stated this afternoon.

General Radcliffe declared it was possible for the allies to hold the Ypres sector even with the Germans on Kemmel Hill, but that it was not convenient to have them there and it was hoped to eject them.

At Kemmel Hill, he said the Germans gained 2,000 yards on a front of about 1200 yards including the important technical feature of the hill itself which gives important observation to the ground northward.

WOULD MAKE CENSORSHIP REAL THING

Newspaper Publishers Would Eliminate Much of Mass of Matter Being Sent to Them.

By Associated Press Dispatch.

New York, April 26.—As result of a suggestion made before the American Newspaper Publishers association by Hopewell Rodgers, its retiring president, the organization today decided to seek co-operation by the government in establishing a voluntary censorship bureau composed of practical newspaper men.

Under the plan proposed a committee of trained journalists would be selected to gather from the various departments such news as would be of interest to the public and of value in the prosecution of the war, and at

the same time eliminate such material as publishers regard unimportant, thereby saving time and trouble to government employees.

Frank P. Bass of the Birmingham News, was elected president of the association.

ASSURANCE IS GIVEN GREEKS

By Associated Press Dispatch.

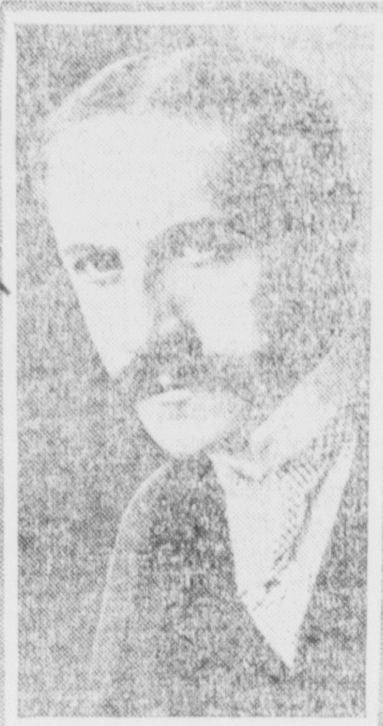

Washington, April 26.—President Wilson has assured the Greek people the United States is determined to give its fullest measure of support to Greece and that the country's rights shall be preserved.

This attitude became known today when the State Department gave out the text of a statement cable to Minister Dropper, at Athens, which was given out for publication in Greece.

NEBRASKA GOES OVER.

By Associated Press Dispatch. Omaha, Neb., April 26.—At a mass meeting here today it was announced that Nebraska has exceeded its quota in the Liberty Bond subscriptions by several millions. The quota is \$32,000,000.

Viscount Milner has been appointed British War Minister to replace the Earl of Derby, who resigned to become the British Ambassador to France. Viscount Milner has been a member of Lloyd George's War Cabinet.

FOOTHOLD GAINED ON KEMMEL HILL

(By Associated Press Cable)

London, April 26.—A footing has been obtained on Kemmel Hill by the Germans in their attack on the northern battlefield, the war office announces today. Fighting continues in this region.

The allied forces were engaged all day yesterday with greatly superior enemy forces along this front from Baillet to Hollebeke (a distance of about 10 miles) and finally were compelled to give ground.

German posts which were holding out southeast of Villers-Bretonneux on the front south of the Somme after its recapture by the British were cleared up.

FRENCH COUNTER

The French this morning are counter attacking at Mt. Kemmel in an attempt to reclaim the position taken by the Germans.

Yesterday's fighting was of a desperate nature and the enemy gains were only made at frightful cost.

GERMAN STATEMENT.

(By Associated Press Cable) Berlin, Thursday, via London, April 26.—The supplementary statement from the German war office reads: "The army of General Von Arnim is engaged in a battle for Kemmel heights."

ANOTHER LOAN GRANTED BELGIUM

By Associated Press Dispatch.

Washington, April 26.—Belgium was granted another credit of \$3,250,000 by the Treasury today, making her total borrowings from the United States \$107,000,000 and credits to the allies over \$5,500,000,000.

WILSON SUBSCRIBES

By Associated Press Dispatch.

Washington, April 26.—President Wilson made a second subscription to the Liberty Loan at a local theater last night, taking \$2,000 worth of bonds. He made his first subscription for \$1,000 at the same theater two weeks ago.

GREAT GUN LOCATED BY FRENCH

Twenty Heavy Guns Near By Are Fired Simultaneously Thus Concealing Sight and Sound.

(Associated Press Cable)

Paris, April 26.—One of the German long range guns which has been bombarding Paris has been destroyed, according to Deputy Lebecq of the Department of the Seine.

The deputy said he had talked with the general commanding the sector near Crepy en Laonnois, where the big guns are stationed. The enemy, he said, is constructing new emplacements.

"The emplacement platforms on which the gun slides," said the Deputy, "explains the regularity of the direction of the firing which we undergo. At the moment of firing ten heavy guns are fired by a special apparatus to camouflage the sound of the big gun so its location cannot be judged. At the same time six clouds of smoke from surrounding heights protect the gun from observation."

THREE MEN ARE MISSING

Big Steamship, St. Paul, Being Raised. Officials Refuse to Discuss Cause of Sinking.

By Associated Press Dispatch.

Atlantic Port, April 26.—The work of raising the St. Paul which sank at her pier here yesterday was progressing rapidly today. The ship had no cargo and aside from damage to the machinery and furnishings the loss will be confined to the cost of salvaging operations.

The vessel lies with her starboard side above water. Three of the 350 men aboard are reported missing, while the list of injured will not exceed 20.

It was said today that an ash-port had been left open. Officers of the navy and army transport service refused to discuss any of the many probable causes advanced for the accident.

TWO BILLION MARK NEAR

By Associated Press Dispatch.

Washington, April 26.—Liberty day opened with a total of \$1,956,776,650 subscriptions already raised for the nation's third big war credit or within \$43,300,000 of the \$2,000,000,000 which will be passed before night.

FAYETTE SELECTS MAY SOON LEAVE FOR BATTLEFRONT

Indications are that the Fayette county selects who have been undergoing training at Camp Sherman for several months, and who have not been sent abroad up to the present time, will soon start on the trip to the battle front in France.

The Eighty-third Division, according to reports emanating from Camp Sherman, is to receive some intensive training for a short time, and as a result Saturdays and Sundays will be observed as regular training days so that all who are present will be drilled for the present at least, while the division is whipped into trim for service abroad.

It is understood that quite a few of Fayette county's selects have been sent from Camp Sherman, and in fact it is known that some of them already are in France, but the bulk of them have been retained at Camp Sherman as part of the Eighty-third Division.

Within a short time the four infantry regiments, including that of which Fayette county men are members, will be given rifle practice at the big range near the camp. This work will supersede the usual manual of arms training, which is prescribed for the early training of infantry recruits, so that men sent to the camp a few weeks ago will be included in the special drilling.

RED CROSS HEAD MISSION TO HOLY LAND

DR. JOHN H. FINLEY

Dr. John H. Finley, president of New York State University, has been appointed head of the American Red Cross Commission to the Holy Land. The object of the commission is to relieve the distress and suffering among the people of the Holy Land. Dr. Finley will soon join the commission, which is already on its way to Palestine.

RED CROSS ACTIVITIES

Mrs. Luella Herbert, head of the Columbus Red Cross headquarters sewing department, who has a host of friends in this city, gives out the statement that the making of what is known as the "helpless case bed shirt" requires the constant efforts of one woman for an entire day.

The Columbus work shop under Mrs. Herbert's direction has set a high standard in making these shirts.

The Ohio State Journal gives the information that the products sent out from these headquarters are invariably graded perfect at Lake Division offices in Cleveland.

These "helpless case bed shirts" are designed for men rendered helpless by either wounds or illness. Garments are full length with an opening down one side, with double pockets. House Work Systematized.

For Red Cross Work.

These are days when it is important to conserve other things besides food. It is most important that time, as well as food be conserved. If that is done women will be surprised to find how many other activities may be handled.

To conserve time more substantially methods of systematizing house hold work must be employed and few in deed, will be the women who carefully plan for the economizing of their time but will find themselves having time for the necessary war work.

Volunteer Service.

To facilitate the securing of applicants for Red Cross over seas service R. H. Crowell, associate director of the lake division personnel department is making a trip through Ohio, Indiana and Kentucky to organize subcommittee on personnel in the larger chapter cities.

"Volunteer service means that the person giving the service receives no salary and is required to meet the entire expenses, transportation, personal maintenance and equipment." "A volunteer does not have to sign for more than six months' service, though it is preferable all accepted applicants sign for the entire period of the emergency, but is obligatory that all salaries applicants sign for a minimum period of one year.

"Age limits for women applicants are as follows: Clerical, 25 to 40 years; social services 28 to 50 years. Canteen is volunteer service 25 to 35 years. Social service applicants must be able to speak fluently the language of the country to which they are assigned.

"No men below 31 years are being accepted for Red Cross foreign service save those placed in class 5-G by their local exemption boards. The only exception to this ruling is in the case which is classified as class 5-B, made up of men given ministerial exemption."

BIG NECTURUS IS CAUGHT IN FAYETTE

Ever hear of a Necturus?

A great many persons were not aware that such an animal existed in Fayette county, but a few days ago while fishing in Deer Creek, Allis Thabit of this city captured a half score of the curious animals, the largest of which is about 14 inches in length and is now on exhibition at the Parrett Grocery, where it is attracting quite a bit of attention.

The Necturus is one species of the Salamander, somewhat resembling a lizard in appearance, and was believed of old to be able to withstand fire without injury.

The Necturus is at home equally on land or in the water, and when in the water breathes through large, bushy external gills which give the animal a very grotesque appearance. Its head is not unlike that of some species of fish, while its tail is broad and long. Its body is not scaly, like that of a fish.

While of a more or less repulsive appearance, the Necturus or Salamander is said to be harmless.

In this part of the United States there are two pronounced types of the Necturus, one with spots upon it, known as the Northern species, and one without spots known as the Southern species. The one now on display at the Parrett Grocery is of the southern species.

CALL FOR PHYSICIANS TO ASSIST IN WORK

The Fayette County Medical Society officials are in receipt of the following request from the national authorities requesting co-operation of local physicians in mobilizing the physicians and surgeons of the country for war work.

Washington, D. C., April 26.—I. New appeals from Surgeon General Gorham for 5000 medical men, and from Surgeon General Braisted for 2000, have been received. We urgently ask your co-operation in meeting these requests. The daily increasing numbers of members of the Medical Reserve Corps who are being called to active service lead us to ask that you issue an early call for a meeting of the men in your territory who are eligible for enrollment, in order that you may impress upon them the great need.

2. At the meeting, have your best speakers on hand to make the appeal. We have written and sent blanks to physicians whom we know to be eligible, but yours will be the face-to-face, heart-to-heart appeal. Have those eligible in your district fill out their blanks and send them to their examiner, with a request that they be advised when to appear for examination. A supply of blanks has been sent to each examiner, but this office will send more if needed.

3. Also please send to us the names and addresses of available men who are eligible to membership in the Medical Reserve Corps, additional to those previously sent us.

4. Time is precious. Our boys in the service must be assured the very best attention. They are getting it, and will continue to receive it if we get the best men into the Reserve Corps and keep at all times on the roll an available number of the reputable men of the profession.—Franklin Martin member Advisory Commission.

FIVE NEW HOLLAND BOYS ARE INDUCTED

Five New Holland men, most of whom have many friends in this city and county, are among the Pickaway contingent called for induction into military service at Camp Sherman, Saturday.

The five men are: Oscar Flack, Glenn Ater, Clyde Zeller, Chas. W. Denney, and Harry Orihood. Clyde Zeller formerly was employed at the H. G. Coffman Lumber office in this city.

Make This Your Banner Poultry Season

There's pleasure and profit in poultry if disease doesn't get started, besides it's your patriotic duty. "Food Will Win The War." The Department of Agriculture asks us for five million "war gardens." Back yard gardens last year produced a crop valued at \$350,000,000, the patriotic gift of the war gardens to the nation. This year we are asked to double the amount—by planting more gardens and by more intensive cultivation. With food shortage threatening the allied nations and with railroad congestion as an added factor, it is vitally important that every family in the country raise as much of its own food for the coming year as is humanly possible.

We must help to free, as far as possible, the already overburdened railroads from the need of transporting food products from one section of the country to another, and we simply must provide more food this year for our sorely pressed European allies.

TEUTONS BELIEVE IN BEARD GROWTH

By Associated Press Dispatch.

Amsterdam, March 30.—To be clean shaven or bearded like the pard is the alternative presented to the German first line troops. The reason is to be sought in the gas mask. Some authorities hold that the mask cannot be relied upon to protect any but clean shaven faces; others again hold that a dense hirsute growth within the masks acts as an additional air filter. But it must be a real patriarchal beard—no mere seven or fourteen days bristles says an article in the Deutsche Tageszeitung.

The writer holds that the full beard is a peculiarly Teutonic attribute and should be cultivated as such. Besides, according to ancient tradition, it adds to "frightful aspect," he naively adds.

Gas tests at the front in air-tight cubicles are carried out every fortnight, and full bearded men testify to the additional security afforded by their beards.

Social and Personal

Miss Hazel Bailey pleasantly entertained the girls of the Tonjour Pretes Club, Wednesday evening, together with the two new members Miss Chloe Anderson and Miss Laura Helen DeWees.

The work of cutting pictures and jokes for the joke books for the convalescing soldiers in hospitals was continued.

Catherine and Anna Bailey, the hostess' little sisters delighted the girls with their singing of two cunning songs.

Dainty light refreshments were served.

Miss Florence Boggs entertained at her home in Good Hope Thursday evening with an elaborate six o'clock dinner in compliment to Mr. Herbert Mickle, teacher in the Good Hope schools, who leaves next Tuesday for Washington, D. C., to enlist in the meteorological department.

The additional guests were Misses Ruth Junk, Mary Holdern, Mada Ogle Messrs. Hamilton Rodgers, Carl Schriver, Dale Wilson.

The table was lovely, with center piece of sweet peas and fern, and candles shedding soft illumination. The place cards were blue birds.

Mrs. S. E. Boggs and Miss Bernice Boggs assisted the charming young hostess in the hospitalities of the home.

The depression of war will be forgotten for a few hours tonight in the joyousness of the dance—the first of the Red Cross Community Dances—at the Eagles' hall. For people will also feel that they have the right to enjoy themselves in so good a cause and this great-hearted community never turns a deaf ear to calls from the Red Cross. A number of out of town folk are also expected and the Red Cross Dance Committee is completing arrangements to make the first affair an all around success.

Exhibition clog dancing will be featured.

Owing to the small price of admission many spectators are expected.

The close of the Glaze school Thursday was the occasion of a spread and pleasurable social gathering at the school house, in compliment to the competent young teacher, Miss Ethel Arnold a favorite alike with both the scholars and their parents.

Forty people gathered, among them a number from the Good Hope neighborhood of Miss Arnold's home. Every one brought a basket and the picnic dinner was one long to be remembered in its bounty and deliciously prepared viands. Spring flowers were used in tasteful decoration.

Miss Arnold has been residing at the Vincent homestead during the

school year and on Tuesday night Miss May Vincent gave a delightful six o'clock dinner in her honor.

The table was exceedingly pretty with hyacinths and tulips and the dinner hour proved a merry one.

Seated with the hostess and honor guest were Misses Dorothy and Marie Ware, Grace Holland, Bernice Voss, Essie Glaze and Faye Wood.

Walter Engle, who leaves Saturday to enter upon military service, was the honored guest at a delightful social gathering at Mt. Olive church Thursday night.

Young Engle has been very popular with both young and old in his neighborhood and sixty-five of his friends gave him a cordial greeting and extended their best wishes in his new life. A handsome wrist watch was also presented to him.

A short program was included in the social features. Potted flowers and cut flowers were effectively used in decoration.

Good Hope interest centers in a patriotic play which will be put on by the Wayne Township High School Saturday night at 8 o'clock.

The rehearsals have shown quite a little talent in the cast and the play will draw from a wide radius.

Mr. and Mrs. Charles McLean and daughter, Katharine, are the weekend guests of Mr. and Mrs. William Woodrow, at Chillicothe. Mrs. Woodrow is entertaining tonight with a dinner at the Red Cross House.

Mr. and Mrs. Clarence Estey and children, of Columbus, were the guests of Mr. and Mrs. N. B. Hall over Thursday to attend the funeral of Mrs. Estey's grandmother, Mrs. L. C. Mallow.

Ralph Hays was up from Camp Sherman spending Thursday and Friday with his parents, Mr. and Mrs. James Hays.

Mr. and Mrs. Fred Carson and baby went to Clarksburg Friday morning to attend the funeral of Mrs. Carson's sister, Mrs. Sherman Johnson, Saturday morning.

Mr. and Mrs. Sam Eegals and little daughter of Chillicothe were guests, Wednesday of Mr. and Mrs. George Sheets.

Sergeant James McDonald was the guest of Sergeant Robert Willis in Chillicothe Thursday night.

Lieutenant and Mrs. George Kerr and little daughter Phillis, of Camp Sheridan, who are visiting Lt. Kerr's mother, Mrs. Josephine Kerr, spent the past two days at their former home at Lily Chapel.

Miss Lois Lampe came home from Ohio State University this afternoon to spend the week end and for the Community Dance tonight.

Mrs. C. A. Stanforth, of Granville, Ohio, is the guest of her brother, Mr. G. C. Kidner, and family, for a few days.

Mrs. Karl Reed arrived Thursday from Cincinnati to spend a few days with her father, Mr. W. C. Tanzey.

Dr. G. S. Hodson received a letter Friday morning from his nephew Lieutenant Herman O. Hodson, who is Battalion Surgeon of the 509th Engineering Regiment now in France. Lt. Hodson's friends will be glad to know that he is well and writes in the best of spirits, and says, "he will be glad to receive letters from his friends in the United States."

Mr. James Hagerty returns tonight from a business trip for the P. Hagerty Shoe Co. in the East and Northern Ohio.

Mr. Lynn Eddy went to Sarahsville Friday to spend a few days with his daughter, Mrs. Clyde Davis.

Mr. Harry Bendel, of Huntington, Indiana, while here on a business trip visited his brother-in-law, Mr. Pope Gregg and family.

Mr. Eben Adams of Columbus, who has been visiting his mother Mrs. Alice F. Adams, and brother Mr. Gilbert Adams, returns to Columbus Saturday to go with the Columbus contingent to Camp Sherman.

Mr. Howard Ellis of Chicago, Ill., is visiting his father, Mr. D. W. Ellis and brother Mr. Walter Ellis and family.

Mrs. Thomas Yore, of Bloomingburg, and Miss Alma Sheridan, of Sabina were among shopping visitors here Friday.

Auditor Glenn Pine was a business visitor in Columbus Thursday.

Mrs. William May, Misses Jean Palmer, Roberta Stokesburg and Jennie Clark motored to Sugar Grove, County Sunday School Convention, for supper last night.

Miss Helen Baker has as her guests for the Community Dance tonight, Misses Madge and Dorothy Auble, Mary Anna Howe, and Edna Hawisher, of Springfield, Lelia Culbertson and Marie Allen, of Milledgeville. Saturday Miss Baker and guests will go to Milledgeville to be the guests

over Sunday of Misses Allen and Culbertson.

Gordon Dunn and Noel Haines, of Sabina, Claire Culbertson, of Dayton, Lieutenant Delancy of Camp Sherman, Otho Culbertson, Earl and Carey Gidding of Milledgeville are here for the dance tonight.

Mr. and Mrs. Elmer Vance, Mr. and Mrs. J. D. McCoy and Mrs. John Steele motored to Camp Sherman Thursday to visit Mallie Vance who has been seriously ill with pneumonia at the Base Hospital for over a week. Mr. Vance is in a very grave condition, and underwent an operation Thursday. Only the parents, Mr. and Mrs. Elmer Vance were allowed to visit him.

Mrs. Will Swope (nee Ada Squires) of Columbus was the guests of Mrs. Willa S. Roberts, while here to attend the funeral of their cousin, Mrs. L. C. Mallow.

LAI TO REST IN GOOD HOPE CEMETERY

The remains of Martin Shingles, who died at the home of his daughter, in Dayton, Tuesday morning, were brought to this city Friday morning, and taken from here to Good Hope, where brief funeral services were held.

Rev. Charles L. Pfaltzgraf conducted the services. Mrs. Laura York and Mrs. S. E. Boggs sang the hymns: "Rock of Ages" and "Jesus Pilot Me."

Burial was made in the Good Hope cemetery. Relatives from a distance were: Mr. and Mrs. William Riley, daughter Emma, and son Alvin, Mr. and Mrs. Earl Shingles, Mr. and Mrs. L. R. May and daughter Margaret of Dayton.

J. KENT HOPKINS ON WAY TO FRANCE

J. Kent Hopkins, well known railroad man of this city, left Thursday for Columbus, going from thence to Camp Dix, New Jersey, with assurance that he will soon be in France as a member of the Traffic branch of the Quartermasters Department of the United States Army.

Mr. Hopkins has had his application in the hands of the Adjutant General for some time, and because of his years of experience was delegated to the above branch of the service, for early service in France.

ARTILLERY IN CAMP AT WILLIAMSPORT

Mr. and Mrs. Will H. Hetteshimer, Misses Marie Cook and Lois Crabb motored over to Williamsport Thursday night to visit the 322nd Light Field Artillery from Camp Sherman, in camp in the big field by the famous Williamsport spring, for the night.

There were 400 soldiers and the visitors found it a most interesting sight to see them making camp and at supper. The women of Williamsport baked 500 pies which they brought out right from the ovens to the men, who were greatly pleased.

This is the first of a number of weekly hikes and one night camps which this Field Artillery will make. It is expected that one of the early hikes will be to this city.

ANNUAL MEETING SUNDAY SCHOOLS BEST IN YEARS

Convention Held at Sugar Grove Church Comes to Close Thursday After What Is Said to Have Been Most Successful Meeting Ever Held—Officers Elected.

"The Best Sunday School Convention ever held in the county" was the generally expressed opinion of the large number of delegates and Sunday School workers attending the Annual County Convention closing Thursday afternoon.

The live interest which dominated the sessions, the splendid talks and wide awake suggestions cannot fail to stir up greatly increased activity in Sunday School work.

Mr. Charles R. Lyle, who has made an exceptionally able President—a live wire in the fullest sense—was re-elected to the office of President. Mr. L. W. Heinlein was elected Vice President; Miss Ruth Mark re-elected Secretary and Treasurer; Dr. Carey Persinger Supt. Adult Secondary Dept., Mrs. Frank E. Haines, Supt. Home Dept., Miss Bertha Larimer, Supt. Temperance Dept.; Miss Blanche Tullis, Supt. Missionary Dept.; Mrs. W. E. Robinson, Supt. Elementary Dept.; Mr. Wm. Durlinger, Supt. Visitation Dept.; Rev. T. C. Kerr, Supt. Teacher's Training Dept. The financial report was specially gratifying, showing that every obligation both inside and outside of the county had been met—a fact of which the Convention was very proud.

Next year's Convention will be held in the M. E. Church of Bloomingburg.

Thursday's Sessions.

Thursday morning's session was most interesting. Rev. Wm. Boynton Gage made a splendid chart talk on "Leaders in the Making," showing as most necessary requirements, reliability plus endurance plus action.

Rev. Lewis G. Ludwick delivered and able address on "Leadership in the Rural Schools." The subject was subdivided into (a) "The Necessity" (b) "How Obtained."

Mrs. Phebe A. Curtiss State Supt. Elementary Dept., pleaded for more room in Primary work and offered many new and helpful suggestions.

Mr. Hayward King brought before the public the need of a Worker's Library in our own County Library as well as in Sunday Schools and homes.

The afternoon session was opened with a song service led by Mrs. Laura York.

Mrs. Curtiss made a second and

most excellent, address on "Childhood's Environments."

"The Pastor's Place in the Sunday School" was presented with much timeliness by Rev. Laughlin, of Bloomingburg.

A cafeteria dinner in which tables were piled with the most tempting eatables, was served by the women of Sugar Grove church and received most liberal patronage.

A number not having time to stay for the meeting drove out from this city to enjoy the dinner and the noon hour of visiting.

Changes and Progress

Following shortly after the naming of Charles M. Schwab as head of the nation's shipbuilding industries comes the announcement that direction of the nation's great air craft production program has been placed in the control of John D. Ryan, copper mine and railroad operator—a man of demonstrated capability for doing big things—a man who has become known for his deeds rather than for his words.

Secretary of War Baker, about whose official head there has been such a violent storm of protest and complaint raging for many weeks, announced the selection of Mr. Ryan who will be, hereafter, supreme in the practical work of driving our dragging airplane program to a conclusion.

The new and active head of the airplane construction work should accomplish a great deal of good. He is another one of those big men who have done big things—one of those men who has triumphed over seemingly insurmountable obstacles—another one of those big practical men who has done a great work for private enterprises, but who has been a little out of line with the later day political trend—another one of the type of men the nation has felt the need of for some time.

The nation is passing now, in this crisis, from words to acts. This is essentially a time for action and the biggest, most important action in our history.

If the criticism aimed at department heads—bitter though it has been—during the past months is responsible for the changes now being made, then it was well worth while.

Fewer Automobiles

Automobile production—the pleasure car part of it—is to be cut down seventy-five percent, according to latest reports from Washington.

That a reduction in the production of automobiles was to be made has been widely rumored several times during the last year, but the latest announcement seems to be more authoritative and to be free from the suspicion of connection with the advertising and selling price branches of the business.

There is the best of reasons existing for a slow-up in pleasure car manufacture. The government, in the first place, needs all or a part of the great energy of the automobile factories to construct army vehicles, the people need the money for war costs and the gasoline for army and navy.

The use of the automobile has long since ceased to be a pleasure only—it is a necessity in American life, a part of American business and in the proposed reduction in the factory output the government is to see to it that the production is not reduced to the extent that it will hamper necessary uses.

Unusually Impatient

This is the time of year and the kind of weather which really makes most of us believe that there never was such a late spring—that warm weather never was so late in arriving.

There are two things right now that we must not permit ourselves to become pessimistic about, the weather and the war.

Every year furnishes its late spring, its long summer, its severe winter, and this year is no exception. We forget as each year's seasons come along in their order just what the year before furnished and that usual forgetfulness of the past is encouraged this year more than ever because of the multitude of important labors that have pressed upon us. Our anxiety about the war—our impatience with the delay and our tremendous work of preparation—have excluded from our memory all matters of minor consequence.

It is but natural that in our restlessness to be out of doors and at work producing food for the world we should be a little impatient with nature's discouraging weather conditions.

No matter what our hurry is, however, nature is going to go along, in all probability, in the same old way, this year as in the years gone by. While we are given our bright warm days and weeks yet it is probable that this year, as heretofore, we will have no reliable "growing weather"—dependable settled weather conditions—until after the middle of May. That always has been the rule and, notwithstanding the troubles and worries of men, worse now than ever known before, it is the only safe rule to rely upon this year.

This is not an unusually late spring, but always impatient at this time of year, we are unusually impatient now.

Poetry For Today

AMERICANS, ANSWER!

Sons of America, wake to glory!
Leap from your bondage of labor
and trade!
Blazon a page in your country's proud
story,
Written by freeman never afraid!

Never afraid of a cost without measure;
Pledging your blood to the last
burning drop!
Never withholding the last of your
treasure,
Never a niggard, seeking to stop!

Little they knew you who called you
but traders,
Selfish and satisfied, greedy for
gain,
Lovers of comfort and ease—dress
paraders,
Careless of honor, fearless of pain.

Slanders vile, mockers insolent,
truthless,
Called the great heart of America
cold,
Reckoned you blind to a cruelty ruth-
less,
If ruin and blood were garnered
with gold.

Money repay for the murdering of
mothers!
Drowning of babies! A sister's wild
cry!

Leap up, ye men, with your comrades
and brothers!
Americans! Answer the villainous
lie!

Answer the challenge of horror and
anguish,
Wrought by the cruel and furious
Hun!

Fight for your own, and for myriads
who languish!

Fight the oppressor till victory's
won!

Fight with your armies in valorous
action!

Fight with your money and help
win the day!

Thine be the glory to strike in the
battle;

Yours be the glory to pay—and to
pay!

Worthless your money if "Frightful-
ness" take you;

Cursed your gold if ye bow to the
Beast!

Let not the costliest sacrifice shake
you;

Victory your first aim, and victory
your least!

You hear men around you saying about the war and the men who are running it. "Aw, why do they do that—why don't they do so and so—now if I was down there in Washington, etc., etc." If you'll notice these same men carefully, you'll find they are just the ones that have never made a success of their own lives and their only asset is a wide mouth and a good pair of lungs. Criticism is all right of course—no one would get far in anything without it—but every man at the head of every department in the army and navy, is trying his best. So let us all SHOVE the old war wagon out of the mud and do what we can cheerfully. If we can't carry a gun we can at least carry a smile.

MEXICAN DELEGATES GET COLD SHOULDER

(Associated Press Correspondence)

Buenos Aires, April 15.—With the departure of the Mexican delegates who came to this country as a special embassy from the President of Mexico and whose diplomatic credentials were not recognized by the government, the long-discussed congress of Latin-American neutrals appears to have been definitely abandoned by this country.

This proposed conference was to have brought the South and Central American republics into a closer union to oppose pressure from larger nations and it has been stated here that it even was to have served as the basis for a Spanish-American Union by leading to another conference between diplomatic representatives of the member republics and diplomatic agents of Spain, that country already having announced its intention of seeking closer relations with South America as soon as the war is over.

That this neutrality conference was once the dream of President Irigoyen as the crowning glory of his international policy is no longer doubted, but it has met with such a cold reception since the South American republics began, one by one, to throw aside their neutrality and cast their lots with the Entente Allies that no one was surprised when it was announced that the proposed conference has been indefinitely postponed.

The aims and purposes of the proposed congress never were clearly set forth despite the fact that several nations invited to it insisted on such a statement being made before they accepted the invitation.

The Mexican delegates who had been assigned to attend this conference continued their journey to Argentina after being notified that the conference had been postponed, and they were coolly received by both the people and the government of Argentina.

WOUNDED AMERICANS ARRIVING AT REAR

Paris, April 26.—American soldiers wounded in the great battle which now is being waged are already arriving at the rear. American wounded and sick to the number of 128 have reached hospitals. They are from units engaged in fighting side by side with French and British in stemming the German advance. Hospital 25 is one of the new institutions established behind the line as it stood after the allies stopped the recent German drive in Picardy. Few of the Americans remained at the hospital very long, being taken further to the rear.

SHIP EMPLOYEES AWARDED BOOST

By Associated Press Dispatch.
Lorain, O., April 24.—American shipbuilding company employees in the Lorain yards have been given a twenty

percent wage increase, which became effective April 1.

All of the 2,000 employees in the yards here shared in the increase.

The Lorain board of education has advanced salaries ten percent.

APPORTIONMENT WAR CHEST FUNDS IN FAYETTE COUNTY

Washington Must Raise a Minimum of \$35,000 of the Total Minimum of \$100,000 for Fayette in Big Drive to Open May 20th.

The Fayette County War Work Council has announced the apportionment of the War Chest fund among the various districts of the county, and Washington's minimum portion of the big fund is \$35,000.

The apportionment was made after careful study of all statistics of each township and this city, and the amount announced is the minimum to be raised in the respective districts. There will be plenty of use for every dollar above the minimum that can be raised.

The drive, which starts May 20th, will be of short duration, and every person in the county will be made acquainted with the fact that the fund to be raised is to cover all demands in the way of Red Cross, Y. M. C. A., war work, and the other legitimate demands made upon the county, for the period of one year.

When apportioned among all citizens in the county the fund to be raised will not be a burden on anyone.

The minimum quotas apportioned to the various districts are given as follows:

Concord, \$3700.
Green, \$3700.
Jasper, \$8000.
Jefferson, \$11,500.
Madison, \$5,800.
Marion, \$3,700.
Paint, \$10,500.
Perry, \$4,700.
Union, \$9,500.
Wayne, \$8,000.
Washington, \$35,000.

COMPANY A TRAVELS TO BLOOMINGBURG

The local cadet company Thursday night traveled to Bloomingburg to give an exhibition drill at that place. The trip was taken for the purpose of arousing enthusiasm for a company in Bloomingburg.

The drill consisted of manual of arms, squad movements, platoon and company drill, bayonet exercises, extended order, and company inspection.

The boys went through the drill in good shape, but on account of the darkness made a few slight mistakes. The company was commanded by Captain Hays and the platoons by Sergeant Steffy and Sergeant Willis took Sergeant DeWees' place, who was unable to go.

About thirty of the Bloomingburg boys were out to the meeting and to see the drill. The cadet company was explained to them and almost all announced their intention of joining the company. Drill will be held on Monday nights at eight o'clock. Captain Hays will be the drill master and will be assisted by the non-commissioned officers of the Washington company.

Since there are now companies in Washington and Bloomingburg the boys and young men of Jeffersonville are asking for a company. If the company can be raised in Jeffersonville there will be a Fayette county Cadet Battalion.

NIGHT SCHOOL ENDS

Three classes of the Y. M. C. A. night school held their last session on Thursday. These were the bookkeeping, shorthand and typewriting classes.

The classes had a very successful season under the direction of Mr. Herman Frey, bookkeeping; Mr. Dave Ferneau in typewriting, and Miss Haley in the shorthand. The French class will continue under the direction of Prof. Cardon.

BIG CATTLE SALE AVERAGE OF \$97.35

The E. A. Parrett sale of Jersey cattle, near Madison Mills, a day or two ago, was a most successful one, 51 head of cattle, including 22 heifers, averaging \$97.35, and the highest price paid was \$150 for a cow.

The herd offered was of exceptionally good stock, and the 51 head sold in almost record time, Col. M. W. Eckle beginning the sale at 11:30 and by 2:30 the last animal had been disposed of.

Mr. Parrett very liberally donated one animal to the Red Cross, and before it had stopped selling the sum of \$181 had been realized for the Red Cross.

A quilt, made by the women of Madison township brought a total of \$243.50, J. A. Blessing, of Mt. Sterling finally buying the quilt for the

sum of \$6. This will be consigned to a Red Cross sale in Mt. Sterling. Harold Jones, Jesse Weiton and Harry Brown were highest bidders on the quilt, bidding it off at \$50 and re-consigning it to the sale.

The public is cordially invited to hear this most interesting speaker at the Baptist church, 7:30 tonight.

MADISON TOWNSHIP WILL HOLD AUCTION

Unless some of the other townships in Fayette county hurry up, Madison township will be the next district to hold a Red Cross and War Chest auction—and a big one, too.

Within a few days it is expected that Madison township will announce the date of the big auction to be held in that township.

"Y" SWIMMING POOL IS BEING PAINTED

RED MEN HAVE LEASED THIRD FLOOR

The Red Men have leased the third floor of the Sharpe-Davies building for their hall and will take possession first of the month.

The Red Men formerly had the room for their hall.

DRIVE POSTPONED

The Christian Soldiers Bible Class has postponed their drive for old papers until Wednesday, Thursday, Friday and Saturday of next week. At that time old clothing and articles will be collected for a rummage sale.

The boys believe in thrift and want the citizens of Washington to help them out.

BICYCLE STOLEN MUST BE RETURNED

A boy's bicycle was stolen from the garage of Dr. W. E. Robinson, Thursday night, and the police have a clew which may seriously involve a certain small lad of the city unless the wheel is returned to the Mayor's office very promptly.

If the wheel is not returned within 24 hours more stringent measures will be taken to recover the wheel and punish the thief, it is announced.

FARM TRACTORS

I wish to announce that The Ortmann Motor Company, through their Mr. Hitchcock and Mr. Hoppes have most thoroughly investigated the Fordson Tractor and recommend it highly.

Besides this, they have arranged to take care of all orders for these tractors, which are sold to the farmers at factory prices and are being distributed in car load lots (7 to the car) without one cent of profit.

They are showing a commendable spirit of co-operation and are doing more than "their bit."

If the farmers of Fayette county are interested, I would advise that they see these gentlemen at once. They are prepared to explain every detail of the construction and operation of these tractors.

UNUSUAL WEEK END PLAY AT COLONIAL

Many complications and the element of mystery are the ramifications against which the plot of "Dodging a Million," showing the rest of the week at the Colonial, are built. It is decidedly an unusual play, in which the difficulties of beautiful Mabel Normand, who finds herself, the real herself instead of the mythical one as which she has been masquerading, are worked out with much cleverness and to the rich entertainment of the audience.

It is also a play of "love" and "clothes." Miss Normand wore the newest designs of fashion, costly and striking, and is surrounded by other women also beautifully gowned.

Interest centers in the legacy of the three trunks, suggesting all kinds of mysterious possibilities. The "corset king" is a new character.

Why All Wool In Your Clothes

HERE are some of the reasons—because all wool wears longer than cotton and wool mixtures; because it holds shape better; tailors better and stays stylish.

Because of these things, all-wool clothes save time, labor, materials and money; and right now our country needs those things.

That's why we sell all wool clothes and why you should buy them; they're best for you and what's best for you is best for us.

Hart Schaffner & Marx clothes are all wool; they're made and priced to give you the best clothes values to be had. If you don't think you get such value, you get your money back.

LARGE CONCOURSE GATHERS FOR THE FAREWELL SERVICE

The heartfelt sympathy of a circle wide in extent and influence was manifested in the immense gathering of relatives and friends at the home of Mr. L. C. Mallow, Thursday afternoon for the funeral services of Mrs. Mallow.

The sudden entrance of Mrs. Mallow into the sleep eternal had startled the community into added realization of the sorrow and loss it brought to the home and the assemblage one which found the large home quite inadequate. A perfect wealth of flowers surrounded the quiet sleeper and wafted in their fragrance a wonderful tribute of remembrance.

Rev. Wm. Boynton Gage, of the First Presbyterian church, Mrs. Mallow's pastor, conducted a simple service of much beauty.

In his brief talk the minister marked the great change following the eternal summons, a change which most affects the home life, and, which in its darkening of the earthly home opens to the one who is called the peace of the heavenly home.

The hymns "Jesus Lover of My Soul" and "Lead Kindly Light," were read.

A long procession of autos filled with friends accompanied the family to the Washington cemetery, where the burial was made.

The pallbearers were Mr. L. W. Buckmaster of Columbus, Messrs. George Jackson, R. C. Hunt, W. H. Dial, Gilbert Perrill, Roy Hagler.

Relatives here from a distance were Mr. Russell Mallow, Louise, Texas; Mr. and Mrs. Orville Mallow, Madison, Wis.; Mr. and Mrs. Lewis Earl Mallow, Toledo; Mr. and Mrs. Clarence Estey and children, Mr. and Mrs. Sol Darby, Mr. L. W. Buckmaster, of Columbus; Mr. and Mrs. James Collett, of Wilmington; Mr. and Mrs. Jess Mallow, daughter, Mrs. Ward Smith, Mrs. Mary Lucas, Frankfort; Dr. Ed Mallow, Dayton, Mrs. Will Swope, of Columbus.

AMERICAN INTELLIGENCE OFFICE IN THE REAR OF TOUT LINES A REGULAR MUSEUM OF CURIOS

With the American Army in France, April 24.—(Associated Press)—An American divisional intelligence office in the rear of our Toul front, one day recently, resembled a museum in an American police headquarters. The only difference was that in the intelligence office there were a wider variety of more deadly weapons than any police department ever gathered. In one corner there was a captured German machine gun on its tripod; a rolled belt of cartridges was near it. In another corner there were a number of flame projectors—the German flammenwerfers—which had been brought in from No Man's Land. On one table there was a small automatic pistol taken from a German killed in our trenches during a raid. On another table laid out in an orderly row was a collection of other automatic pistols, large and small. One had a stock that could be fitted to the pistol handle, forming a weapon that might be fired from the shoulder like a rifle.

Another was packed away in a leather holster so constructed that three spare loaded magazines could be carried in it. Both were of makes well

known throughout the world and both were, from the German point of view, the last words in the pistol-maker's art. There were still other pistols, a club, a wicked-looking trench knife equally good for chopping fire-wood or slashing a throat.

There was a short bayonet with a blade as sharp as a razor and a point as sharp as a needle. The blade was hardly more than six inches long and the weapon, fitted on the end of a rifle was designed for close work.

Bunches of grenades were sprinkled here and there. By a table leg stood a German "dud" shell. Nearby part of an aerial torpedo rested. Clips of enemy cartridges both for rifles and pistols were everywhere. A German sniper's rifle was standing in a corner. There was a telescope sight for sniping, one "tool" used for eliminating the flash on the end of a spitting machine-gun, another for silencing the report from a rifle.

Added to all this, there were hanging around the wall on various nails big American automatic pistols on belts—the property of officers and men in

the office, hung up in a place within easy reach.

All the weapons except these last had been the property of the German government until American soldiers on line captured them. Some of the articles had tied to them little tags upon which was written the name and organization of the American who secured them. Each tag signified that some "doughboy" wanted his trophy returned to him, provided it was of no use to the army. But, as a soldier in the line has no place to keep such things, which would simply add to his already heavy load, all that intelligence officers did not desire for their own official purposes were put away for the men who wanted them.

If American troops yet to take their places in the line, obtain as many trophies as their predecessors, many a home in the United States will have in it after the war a weapon "made in Germany." And every weapon will have attached to it a personal story of how it was captured on our front in France.

CLARK WILL REMAIN IN SPEAKER CHAIR

Declines Proffer of Senatorship Made by Missouri Governor.

By Associated Press Dispatch.
Washington, April 26.—Speaker Clark today declined Governor Gardner's proffer of the Missouri Senatorship to fill the vacancy caused by Senator Stone's death. In a letter he wrote:

"In this awful crisis of the world's affairs, it is the imperative duty of every man to serve the people and uphold the government to the best of his ability and in the position where he can do the most good. I believe I can render more service in the Speaker's chair than in the Senate. Therefore, I feel constrained to decline your tender of the senatorship and to thank you and the many Missourians who have urged me to accept."

SOLDIERS PARADE AT CHILLICOTHE

MANY IDLE IN SOUTHLAND SAYS FOLEY

Ten Per Cent. of Labor of The South is Unemployed, Says R. R. Man.

By Associated Press Dispatch.
Chicago, April 26.—Vice president T. J. Foley, of the Illinois Central estimates that 10 percent of the labor supply of the south is idle at this time.

He makes the estimate in a letter addressed to all agents of the line made public today. His observations were the fruit of a trip of inspection. In the course of his letter he says:

"Passing through the towns I saw enough idle labor standing around the depots gazing at the trains to supply the needs of this company and much of the needs of the country at large."

LOAN PARADE IN NATION'S CAPITAL CITY

By Associated Press Dispatch.
Washington, April 26.—While aviators bombed the capital today with loan pamphlets 5,000 marchers swung up Pennsylvania Avenue in a great demonstration. In the ranks which passed before the White House for review were cabinet members, delegations from Houses of Congress and industrial organizations and government employees.

Unusual significance was given the parade because of the fact that purchase of a liberty bond was demanded of all marchers.

AUTO TURNSTURTLE TWO BADLY INJURED

F. L. Conard and Clark Rumer, both of this city, nearly met death under an automobile when the machine took the ditch and over turned pinning them underneath.

The accident which occurred on the Prairie pike near the Hidy school house was due to some part of the steering gear breaking while the auto was running some 18 miles per hour, and a moment later it had plunged over the embankment into the ditch.

Mr. Conard was pinned beneath the machine and it was fully 15 minutes before he succeeded in extricating himself from his perilous position. Rumer being unable to render much assistance because of injuries which swept away his strength.

While under the machine Mr. Conard's clothing became saturated with gasoline, but fortunately the gasoline did not ignite, or it would have burned him to death.

As soon as Mr. Conard extricated himself from beneath the machine he summoned assistance, and physicians were called from this city. He was cut and bruised in a shocking manner and blistered by the gasoline but was not seriously injured. However Mr. Rumer was taken to the Fayette hospital, suffering of internal injuries and bruises about the body. He also is expected to recover within a short time.

NO REAPPRAISEMENT DURING THIS YEAR

There will be no re-appraisal of real estate in Fayette county this year.

This was definitely announced by County Auditor Glenn M. Pine, Friday morning, after a conference with the State Tax Commission and county auditors from all parts of the state, held in Columbus Thursday.

It is more than probable that the next reappraisal of real estate will be in 1920, although this has not been definitely determined.

The reappraisal of new buildings will be made as usual this year.

HAROLD MCLEAN IS MADE TOP SERGEANT

Supply Sergeant Harold McLean, according to word written by Emmitt Hays to his brother, Walter, of this city, has been promoted to First Sergeant or "top sergeant."

Whether he will continue as a member of Company M is not known, as Forest Smith has been Top Sergeant of the company since about the time the Company M left for the Mexican border.

REPORT INCORRECT

Reports that Cash Kneisley, member of Company M, of Bookwalter, this county, had been slightly wounded while in action in France, have not been confirmed, his father, Isaac Kneisley, of Bookwalter, having heard nothing officially.

15 TONS OF BOMBS ON TURK VESSEL

By Associated Press Dispatch.
London, April 26.—More than fifteen tons of bombs were dropped by British aircraft at or upon the disabled former German battle cruiser Goeben while she lay aground at Nagara Point, in the Dardanelles, last January after a disastrous sortie.

says a detailed story of the affair which has just been received here. Two hundred and seventy-five airplane flights were made in an attempt to complete the destruction of the warship.

Eight or ten airplanes continuously harried the Goeben and Breslau during their sortie from the Dardanelles, compelling them to steer a zigzag course which eventually brought the Breslau into a British minefield, where she struck a mine. Shortly afterward, she was hit by an aircraft bomb and sank.

The Goeben, heading for home, also struck a mine and developed a serious list. Aircraft continued to bomb her while she entered the straits and ran aground at Nagara Point. For 7 or 8 days she remained there, subjected to continual attacks from the British aircraft.

On January 29, a British scout machine sighted the Goeben in the Arsenal Dry Docks at Constantinople.

270 CASUALTIES IN MARINE CORPS

Washington, April 26.—The number of Americans killed in the German attack of April 20 near Seicheprey was less than a dozen and the number of injured was about 20. These figures, officially announced, appeared to give support to the German claim that 183 Americans were captured since it previously had been admitted that the American casualties were around 200.

Marines fighting in France have had a total of 274 casualties, marine corps headquarters announced. The casualties were divided as follows: Officers wounded, 4; enlisted men killed, 34, and enlisted men wounded, 236. One company lost 21 men killed and 140 wounded out of a total strength of 250 men.

All the dead are enlisted men, but eight officers, two captains and six lieutenants were among the wounded. The officers are: Captain E. W. Karstett, Captain A. B. Miller and First Lieutenants C. B. Maynard, Fred W. Clarke, Jr., Louis R. Jones, William H. Kirk, Harold D. Shannon and Harry H. Parber.

It is known that the marines have been holding a front line trench sector for several weeks having been moved up to the battle line after doing police duty along the American lines of communication since they first went to France with the vanguard of General Pershing's forces last summer.

The keynote of this recently given signed statement is its triumphant optimism. The writer says she expects a complete restoration of health from Nerv-Worth. But let her tell the story as she did at Boreman's, the Nerv-Worth Drug Store at Parkersburg.

"I have been taking medicine from four or five of the most prominent physicians for nervousness and sleeplessness without any results. One of my neighbors was telling me about Nerv-Worth and recommended it so highly I decided to get me a bottle.

"I have taken one bottle and consider it the best medicine I have ever taken. I am now starting on my second bottle and by the time it is taken I think I will be entirely cured.

ETHER FUMES ARE MISTAKEN FOR GAS

(Associated Press Correspondence)

Paris, April 8.—Fumes of a bottle of ether used to revive a fainting woman, mistaken for asphyxiating gas from a bomb dropped by a German air raider, caused the panic at the Metropolitan Subway station in which sixty or more women and children were crushed to death or smothered during the Hun raid on the night of March 11.

The crowd had remained outside the subway station waiting to hear the German bomb explode before taking to cover. A woman in the crowd feeling ill her husband held a flask of ether to her nose.

"What a smell," said someone. The remark, overheard back in the crowd, was taken to suggest gas. From that step to "asphyxiating gas" was easy. In less time than it requires to tell it the report went through the crowd that the last bomb that exploded nearby was a gas bomb. That caused a mad rush of the crowd down the stairs of the subway station against doors opening outward. In the press the doors couldn't be opened until a score of children and two score women perished.

False lists of places where bombs fell were circulated, these presumably by agents of the enemy to work upon the morale of each different quarter. Fantastic stories were spread about the German aviators flying low enough at certain points to fire with their machine guns upon the fleeing people. The fact is that not a single German machine could be seen clearly enough to identify it, yet the story worked upon the minds of impressionable persons.

The conduct of the audiences in the different places of amusement may be taken as indicative of the attitude of Paris toward the raiders. Few spectators left their seats when the last raid was announced toward the middle of the performance.

EXTENDED DRAFT BILL IS ENACTED

Washington, April 26.—The house passed the senate resolution for registration for military service of all young men who have become 21 since the registration of June 5.

The bill will go at once to conference for minor changes and then will be rushed through for the president's signature.

The registration will add about 1,200,000 men to the nation's available soldiers, of whom it is estimated 700,000 will prove physically fit for service in Class 1. The house refused to exempt theological or medical students, although most of these will be put in deferred classification.

An amendment offered by Representative Hull of Iowa and adopted, 119 to 51, provides that men registered under the bill shall be placed at the bottom of the classes to which they may be assigned.

Critics of the Overman reorganization bill renewed their attack in the senate. A surprise was the introduction of a new amendment authorizing the president to appoint a single executive officer to control the aircraft program, which Senator Overman stated he probably would accept.

Senator Wadsworth of New York, Republican, offered the new proposal, under which all appropriations made for airplane production would be turned over to the man named by the president. Senators Thomas of Colorado and Kirby of Arkansas, Democratic members of the military committee, promptly supported it, the former declaring it was necessary to appoint John D. Ryan, recently appointed director of aircraft production for the war department, with necessary powers to make his work effective.

Expressing confidence in Mr. Ryan's ability, Senator Wadsworth also said unless legal control is assured "we will jeopardize prompt progress of this work." Senator Overman said he was in sympathy with the idea, but desired to examine its relation to past legislation regarding the aircraft program.

What he termed "the real issue in the controversy" over the bill was defined by Senator Cummins of Iowa, Republican, who said he knew of no senator opposing a grant of authority to the president to reorganize essential war agencies, and that the opposition was only urging modification of the bill to exempt nonwar bureaus.

ANOTHER QUILTS

A. E. Coe, superintendent of bridges and buildings of the D. T. & L. Railroad, has resigned to accept a position with the Santa Fe railroad.

He was formerly with the Santa Fe before coming to the D. T. & L. a few years ago. There has been a general shake-up in the official family of the road during the past few months.

LITTLE MOTHER IS ELECTROCUTED

A squirrel, which has attracted a great deal of attention in the eastern part of the city for a year or two particularly while it was using telephone cables for bridges in crossing the streets and keeping out of the reach of dogs and cats, was electrocuted, Thursday morning, while on a pole at the intersection of Washington Ave. and East street. After receiving a heavy voltage the squirrel fell to the ground and crawling into a nearby yard, breathed its last.

The dead mother squirrel has a small family in some tree near where she was killed, and will require some human assistance if they survive the loss of their mother.

TO RESIST THE LAW

London, April 26.—A division of views has prevented the cabinet committee appointed to draft a home rule bill for Ireland from elaborating a definite scheme as speedily as was hoped. Certain members of the committee are standing for recognition of Ulster's position. Sir Edward Carson ordered his Ulsterites to reorganize their machinery and hold a council meeting immediately after the introduction of home rule, declaring Ulster's position "grave."

Throughout Ireland the anti-conscriptors are quietly and determinedly marshaling resistance to the draft. A joint national defense conference, consisting of Dillon and Devlin for the Irish party, Devalera and Griffith for the Sinn Feiners, and Healy and O'Brien for the nationalists, are working out plans for resistance and co-ordinating the political, ecclesiastical and labor forces. To meet eventualities, Commander-in-Chief Mahon issued a prohibition against carrying arms or ammunition in 10 Irish counties.

EXAMINATIONS FOR CLERK AND CARRIER

An examination will be held May 18 in Memorial Hall for the position of Clerk and Carrier in the Washington C. H. Post Office.

Vacancies exist at this time in the grades of both Substitute Clerk and Substitute Carrier with pay at the rate of 40¢ per hour. The Postmaster or the local Civil Service Secretary will be glad to explain details of the work and the examination, application blanks for which may be secured at the post office.

CUT THIS OUT—It Is Worth Money. DON'T MISS THIS. Cut out this slip, enclose with 5c to Foley & Co., 2535 Sheffield Ave., Chicago, Ill., writing your name and address clearly. You will receive in return mail a trial package containing Foley's Honey and Tar Compound for coughs, colds and croup; Foley Kidney Pills and Foley Cathartic Tablets. Blackmer & Tanquary. Advt.
